

MNAA | 12 CHOICES ESCOLHAS

"Foi com enorme prazer que descobri, no Museu Nacional de Arte Antiga, em Lisboa, uma obra-prima de Albrecht Dürer e um excepcional e requintado serviço de almoço do ourives François-Thomas Germain, criado para o rei D. José I. Percorrer as salas do museu revela-se um verdadeiro convite à viagem. Faz-nos sonhar com o Oriente, na época das grandes descobertas marítimas, e comove-nos com a beleza e delicadeza de um biombo japonês dos séculos XVI/XVII que tão bem evoca a epopeia dos navegadores portugueses ao redor do mundo. Leva-nos a dar um salto a Itália e, após um pequeno desvio pela França, aventura-nos por terras do Oriente! O Museu Nacional de Arte Antiga concentra tudo isto no interior das suas paredes, oferecendo uma experiência única pela variedade e riqueza que contém."

"What a pleasure it was for me to discover a masterpiece by Albrecht Dürer or an exceptional and exquisite lunch set by François-Thomas Germain, created for King José I of Portugal, at the Museu Nacional de Arte Antiga, in Lisbon. Exploring the rooms of the museum takes you on a real journey. A journey where you'll dream of the East at the time of the great maritime discoveries and be moved by the beauty and finesse of a 16th/17th centuries Japanese folding screen which artfully evokes the saga of the Portuguese explorations around the world. A journey where you'll hop over to Italy, take a detour to France, then venture into the East! The walls of the Museu Nacional de Arte Antiga contain all of these wonders, offering a unique experience due to the diversity and abundance of its collection."
