"É para mim uma honra participar neste projeto especial, uma oportunidade para me expressar através de obras-primas, tanto de artistas conhecidos como de desconhecidos que enriquecem as coleções do Museu. As peças que escolhi encarnam, simbolicamente, a herança Clássica à qual pertença e os meus ideais de convivência e de aprofundamento de relações com todos os seres vivos, aqui representados pelo amor maternal, pela introspeção espiritual, pela partilha, diálogo, beleza natural... e não poderia ter deixado de lado os notáveis azulejos, símbolo do meu caro amor por Portugal e pela sua cultura."

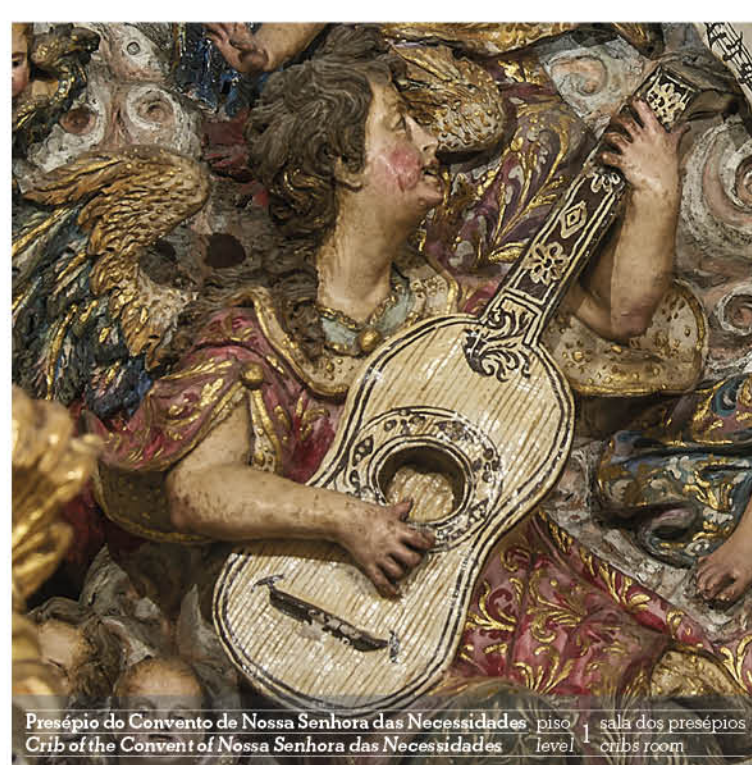

"It is an honour to me to partake in this special event, a chance for expressing myself through the masterpieces, of both known and unknown artists, enriching the Museum's collections.

The works I have chosen symbolically incarnate the Classic heritage I belong to and my ideals of convivial life and nurturing relationships among all living beings, here represented by motherly love, spiritual introspection, sharing, conversation, natural beauty... and I couldn't have skipped the notorious azulejos, symbol of my dear love for Portugal and its culture."
